TITLE INDEX

Chronic illness as a therapeutic metaphor, R. Simon, 6 (3), 262–275.
Classic reprint, D. A. Bloch, 6 (4), 469–482.
Co-constructing a workable reality: The use of clinical neuropsychology, V. Nell & C. Boer, 6 (1), 40–50.
Considering the options: A multilevel systemic approach to helping somatizing patients, J. E. Patterson & D. N. Spees, 6 (4), 411–420.
A consultation model in a pediatric outpatient clinic: Conversations with psychosomatic children and their parents, H. P. Fundingsrud, 6 (2), 188–201.
Context and process in medical ethics: The contribution of family-systems theory, M. A. Grodin & L. A. Burton, 6 (4), 421–438.
Cost effectiveness: Family therapy in a pediatric setting, P. A. Gustafsson & C. G. Svedin, 6 (2), 162–175.
Counseling by family physicians: Report of a survey and curriculum modification in West Virginia, A. M. Vazquez, C. L. Nath, & S. P. Murray, 6 (4), 463–466.

Dr. Biomedicine and Dr. Psychosocial: The dual optic, D. A. Bloch, 6 (2), 131–133.
The dual optic: Co-constructing the story, D. A. Bloch, 6 (3), 259–261.

Editorial, D. A. Bloch, 6 (4), 387–390.
Families experiencing stress, J. M. Patterson, 6 (2), 202–237.
Family structure, martial power, maternal distance, and paternal alcohol consumption in father-daughter incest, M. de Chesnay, E. Marshall, & C. Clements, 6 (4), 453–462.
Family systems consultation: Opportunities for teaching in family medicine, S. H. McDaniel, T. Campbell, L. C. Wynne, & T. Weber, 6 (4), 391–403.
Five levels of involvement with gurus at the Family in Family Medicine Conference, K. Cole-Kelly, 6 (1), 112–113.

The HMO Crisis: Danger/opportunity, M. La Court, 6 (1), 80–93.
Huntington's disease: Therapy strategies, M. M. Murburg, L. H. Price, & B. Jalali, 6 (3), 290–303.

The interpersonal politics of premenstrual symdrome, S. H. McDaniel, 6 (2), 134–149.
Interpersonal skills training for parents of children with cystic fibrosis, K. H. Schroder, A. B. Casadaban, & B. Davis, 6 (1), 51–68.

Older couples: The effect of health, retirement, and family functioning on morale, D. S. Bishop, N. B. Epstein, L. M. Baldwin, I. W. Miller, & G. I. Keitner, 6 (2), 238–247.

Parent-practitioner communication in the management of nonorganic failure to thrive, D. Drotar & L. Sturm, 6 (3), 304–316.
The partnership of Dr. Biomedicine and Dr. Psychosocial, D. A. Bloch, 6 (1), 2–4.
Patient-agency system and the maintenance of chronic problems, C. E. Sluzki, 6 (4), 404–410.
Point and counterpoint: Meaning and the politics of experience: A progressive agenda for family practice, D. Stoller & R. Dozor, 6 (2), 248–255.
Point and counterpoint: A progressive agenda for family-practice residency training, S. Eberle, 6 (3), 371–384.
Point and counterpoint: The uses of metaphor: Commentary on Stoller and Dozor's meaning and the politics of experience, B. Denner, 6 (3), 364–370.
Psychoanalytic theory and the construction of a family narrative: A case report, P. E. Tietze & H. F. Stein, 6 (4), 439–452.
Psychological adaptation to cancer: A comparison among patients, spouses, and nonspouses, K. O. Ell, R. H. Nishimoto, J. E. Mantell, & M. B. Hamovitch, 6 (3), 335–348.

Random notes: The resurgence of the biomedical model in medcine, M. L. Glenn, 6 (4), 492–500.
Random notes: Uncomfortable knowledge: A ethnographic clinical training model, H. F. Stein, 6 (1), 117–128.
The relationship of family dynamics, and social support to personal, psychological, and social functioning in diabetic patients on the insulin pump, M. B. Mengel, R. T. Connis, M. J. Gordon, & T. R. Taylor, 6 (3), 317–334.

Seminar: Psychoimmunology: Systems medicine at the molecular level, C. J. Wiedermann & M. Wiedermann, 6 (1), 94–106.
Sequencing: The patient caseload as an interactive system, D. B. Seaburn & J. Harp, 6 (1), 107–111.
Speaking personally, A. Morawetz, 6 (3), 349–360.
Sudden, unexpected death and the role of the family physician, W. C. Wadland, B. Keller, W. Jones, & J. Chapados. 6 (2), 176–187.
Systemic counseling for patients with AIDS/HIV infections, R. Bor, R. Miller, & L. Perry, 6 (1), 21–39.

Thalassemia and the adolescent: An investigation of chronic illness, individuals, and systems, E. T. Georganda, 6 (2), 150–161.
Training for collaboration: Internships for family-therapy students in a med-

ical setting, J. Hepworth, S. M. Gavazzi, M. S. Adlin, & W. L. Miller, 6 (1), 69–79.

Treating self-mutilating behavior, D. Aldridge, 6 (1), 5–20.

A visit to the doctor: An illustration of implicit meanings in the doctor-patient relationship, J. Shapiro, 6 (3), 276–289.
